

N° 4052 /DCA

L'Agence Marocaine de Coopération Internationale présente ses compliments à l'Ambassade de la République Dominicaine à Rabat et, a l'honneur de porter à sa connaissance que le Royaume du Maroc met à la disposition de la République Dominicaine un quota de **15 bourses d'études assorties de billets d'avion (1 aller + 1 retour)** destinées aux étudiants désireux de poursuivre une formation dans les établissements publics marocains d'enseignement supérieur, technique et professionnel, au titre de l'année académique 2022/2023.

Compte tenu du nombre de plus en plus important de pays bénéficiaires de l'offre marocaine et de la capacité limitée d'accueil des établissements de formation, ce quota doit être strictement respecté. Ainsi, toutes les demandes de bourses devront être traitées dans le cadre de ce quota.

Considérant que le français est la langue véhiculaire dans la majorité des établissements de formation au Maroc, notamment dans les filières scientifiques, techniques et économiques, les candidats pour lesdites filières, originaires des pays non francophones ne maîtrisant pas la langue française, devront poursuivre durant l'année universitaire 2022/2023, à l'instar des deux années universitaires 2020/2021 et 2021/2022, des cours de mise à niveau en langue française dans des centres appropriés à cette fin (Alliance française, Centre Culturel Français ...) dans leurs pays d'origine. Cette décision se justifie par les raisons suivantes :

- Résultats probants enregistrés au cours des exercices précédents, à travers l'organisation de ladite session de formation linguistique dans le pays d'origine. Cela suppose que les étudiants bénéficiaires étaient plus motivés pour réussir le programme linguistique ;
- Capacité limitée du Centre International de Langues relevant de l'AMCI ;
- Capacité d'accueil limitée des cités universitaires de Rabat (Cité Universitaire Internationale comprise) ;
- Meilleure gestion des effectifs des étudiants à envoyer au Maroc. Seuls les étudiants jugés aptes à poursuivre leurs études en langue française seront autorisés à faire le déplacement au Maroc.

Dans ce cadre, il convient de signaler que les frais afférents à l'organisation de la session de mise à niveau linguistique au pays d'origine seront pris en charge par l'AMCI.

A l'issue du programme de mise à niveau linguistique, les étudiants déclarés admis aux épreuves linguistiques, seront orientés en fonction de la qualité scientifique de leurs dossiers, selon l'ordre de mérite et conformément à leurs choix, vers l'une des filières (à accès limité) suivantes :

**Etudes médicales - Sciences paramédicales - Sciences Commerciales et de Gestion - Ingénierie et Sciences Technologiques - Sciences Agronomiques et Vétérinaires - Architecture.**

Les filières "Langue et Littérature Arabes" et "Etudes Islamiques" sont dispensées en langue arabe. Les candidats à ces filières doivent maîtriser cette langue. La filière "Sciences Juridiques" est enseignée au choix (Arabe ou Français).

L'Ambassade voudra bien trouver, ci-joint, une note d'information relative à cette offre, à la procédure et aux formalités d'inscription, ainsi qu'aux conditions de séjour au Maroc. Cette note est accompagnée d'un exemplaire du formulaire de candidature et d'un modèle de listes des candidats. Un répertoire indicatif des établissements publics marocains d'enseignement supérieur, précisant notamment, les filières de formation, les conditions d'admission, la durée des études et les diplômes délivrés est disponible sur le site web de l'AMCI à travers l'adresse «[www.amci.ma/publications](http://www.amci.ma/publications)».

Aussi, cette Agence saurait-elle gré à l'honorable Ambassade de bien vouloir communiquer ce qui précède aux autorités compétentes dominicaines et leur faire part des informations complémentaires suivantes :

- **La date limite de réception des dossiers de candidature par l'AMCI est fixée au 30 septembre 2022 ;**
- Les candidats retenus dans le cadre de ladite offre de quota, qui réussiront le programme de formation linguistique organisé au pays d'origine, devront être munis à leur arrivée au Maroc, au titre de l'année académique 2023/2024, de :
  - Visa long séjour " **visa étudiant** " (s'applique aux étudiants issus de pays soumis au visa d'entrée au territoire marocain) ;
  - Certificat médical attestant qu'ils sont vaccinés contre les maladies infectieuses et contagieuses, notamment la tuberculose.

## **Moroccan offer of educational places with scholarships for foreign candidates for the academic year 2022/2023**

As in previous years, the Kingdom of Morocco makes available to brotherly and friendly countries quotas of educational places with scholarships, in Moroccan public establishments of higher, technical and vocational education, under the academic year 2022/2023.

The information below specifies the conditions and procedures for implementing these quotas:

### **I- General informations :**

#### **1- Teaching languages**

French is the vehicular language in the majority of training establishments in Morocco, particularly in the scientific, technical and economic sectors. As a result, candidates for the said courses, originating from non-French-speaking countries who do not master the French language, will have to pursue during the 2022/2023 academic year, like the two academic years 2020/2021 and 2021/2022, French-language refresher courses in appropriate centers for this purpose (Alliance française, Center Culturel Français, etc.) in their countries of origin. This decision is justified for the following reasons:

- Proven results recorded during previous exercises, through the organization of the said language training session in the country of origin. This assumes that the beneficiary students were more motivated to succeed in the language program;
- Limited capacity of the International Language Center under the AMCI;
- Limited accommodation capacity of the university halls of Rabat (including the "Cité Universitaire Internationale").
- Better management of student numbers to be sent to Morocco. Only students deemed able to continue their studies in French will be authorized to travel to Morocco.

The branches of Arabic language and literature and Islamic studies are taught in Arabic. Candidates for these courses must master this language. Law courses are taught by choice (Arabic or French).

#### **2- Presentation of application files**

Applications for training in public educational establishments in Morocco are subject to the following formality:

- \* Submission of application files to the competent authorities of the country of origin;
- \* Sending of pre-selected application files to the AMCI through diplomatic channels. Otherwise, they will not be taken into consideration;
- \* Preselected applications in accordance with the required admission conditions must be the subject of a single list of names (model attached) downloadable from the AMCI website through the link "www.amci.ma/publications". This list must specify, in order of priority and for information purposes, the choice of courses expressed by each candidate;
- \* The deadline for receipt of application files by the AMCI is September 30, 2022, the strict deadline.

## **2- Foreign applicants residing in Morocco**

- Foreign candidates residing in Morocco and holders of Moroccan diplomas (High School Diploma, Bachelor's degree, Master's degree...) are subject to the same registration conditions as Moroccan students. They must, therefore, go directly to the training institutions (without passing through the AMCI) and can not, under any circumstances, claim the scholarships served by the AMCI.
- Foreign applicants residing in Morocco, holders of a foreign High School Diploma, are allowed to present their files to AMCI through diplomatic channels. They can not, under any circumstances, claim the scholarships served by the AMCI.
- Candidates who have acquired Moroccan nationality are subject to the same conditions and registration procedures as Moroccan students. They can not, in any case, benefit from scholarships served by the AMCI.

## **3- Graduate student of Morocco**

By way of encouragement, the graduate students of Morocco could, if officially nominated by their respective countries, apply for graduate studies without scholarships.

They could possibly, within the limits of the possibilities offered to the AMCI, benefit from the cooperation grant, **if they are proposed by the authorities of their countries in the initial list of the official quota.**

## **4- Diplomats in office in Morocco and their families**

- Diplomats in office in Morocco, wishing to continue training are invited to submit their application files to the Department of Cultural Cooperation and Action under the Ministry of Foreign Affairs and International Cooperation.
- The children of foreign diplomats in Morocco who wish to continue their studies in public educational institutions in Morocco must present their files to the AMCI, which will submit them to the ministerial departments concerned for examination, in accordance with the conditions admission requirements. Successful applicants can not under any circumstances be eligible for an AMCI grant.

## **5- Non-civilian candidates**

Non-civilian candidates wishing to pursue studies in Morocco are invited to submit their application files to the Department of Cultural Cooperation and Action under the Ministry of Foreign Affairs and International Cooperation.

## **II- Parts of the application file**

The application file must include the following documents :

- 02 extracts of birth certificate;
- 02 photocopies of the passport (if available);
